OBJECTIVE

To secure a challenging position with an organization where my skills can be efficiently utilized, contributing to the growth and innovation while continuously enhancing my professional capabilities.

EDUCATIONAL QUALIFICATIONS

- Bachelors in Computer Science & Machine Learning | St. Peters 's Engineering College, Hyderabad, Telangana
  Session: 2021-2025 | Score: 8.49 CGPA
- Intermediate (TSBIE) | Sri Chaitanya Junior College, Hyderabad
  Session: 2019-2021 | Score: 95%
- SSC (TSBSE) | Akshara the School, Hyderabad
  Session: 2018-2019 | Score: 9.5 GPA

INTERNSHIPS

- Completed a 4-week intensive internship, leveraging SkillsBuild & IBM Cloud platform in Emerging Technologies (AI & Cloud) from Edunet Foundation in Collaboration with AICTE.
- Completed a comprehensive 10-week virtual internship focussed on Networking Cloud supported by Juniper Networks from EduSkills Foundation in Collaboration with AICTE.

PROJECTS

- Connect 4 Game User Experience Improvement

  Project Overview: Upgraded the Connect 4 game interface to personalize the gaming experience by allowing players to enter their names, which are then displayed during their turns.

  Technical Execution: Utilized JavaFX and Scene Builder to remove static player labels and introduce interactive Text Fields. Configured the UI to dynamically update with player-entered names, enhancing the game's interactivity.
  Tools Used:
  - Software: JavaFX, Scene Builder.
  - Code Management: Git for version control.

CERTIFICATIONS

- Certification in Introduction to Cybersecurity by Cisco Networking Academy.
- Certification in Machine Learning for data Science Projects by IBM Skills Build.
- Certification in Introduction to Azure Fundamentals by Microsoft.

ACHIEVEMENTS

- Participated and achieved Runner up in the quiz competition on AI&ML by EDUREKA Learning Center.
- Participated in Science Olympiad Foundation International Mathematics Olympiad.
- Participated in Galaxy Olympiads Brain Power and secured 78% percentage of marks.
- Participated in Paper presentation, Poster presentation and IQ test in Aquilla-23 Technical Fest.

TECHNICAL SKILLS

- Intermediate proficiency in Java with a solid understanding of object-oriented programming concepts, data structures, and algorithms. Experienced in developing robust and efficient code for various applications, with a focus on maintainability and scalability.
- Skilled in creating well-structured and responsive web pages using HTML and CSS.
- Intermediate proficiency in Excel, capable of performing complex data analysis tasks.

STRENGTHS

Versatile and resilient, I excel in dynamic environments, readily adapt to varied work schedules, and am passionate about leveraging new technologies to drive innovation and efficiency under pressure.

DECLARATION

I hereby declare all the information provided in this resume is accurate and true to the best of my knowledge.
